

**A Message from the
Chief Executive Officer**
Toronto Symphony Orchestra

Congratulations to the entire Volunteer Committee for pulling together their first virtual Fine Wine Auction. We've enjoyed coming together for this wonderful event in the past few years, and while I am disappointed to not see all of our wonderful supporters again, I am heartened by the wonderful creativity that has gone into this virtual event. The Fine Wine Auction is the Volunteer Committee's signature annual event, and the funds raised for vital education and community initiatives have never been more important. We may not be in front of audiences this year, however, our extraordinary musicians have been virtually connecting with our community in schools, long term homes and community centres. Many, many thanks for your continued passion and support.

Sincerely,
Matthew Loden
Chief Executive Officer
Toronto Symphony Orchestra
